

ARE YOU READY
TO INSPIRE
GREATNESS?

EACH OF US HOLDS
GREATNESS
WITHIN

OUR WORK

Since 2014, Go Beyond Greatness has guided students to explore who they are, where their greatness lies, and how to build a bridge to their goals. GBG supplements traditional school offerings to empower youth entering their chosen life path after graduation. Through a humanistic learning approach, students are encouraged to develop voice and choice in developing their future.

GBG EMPOWERS
YOUTH TO
SUCCEED

GBG'S CORE CURRICULUM:

SELF MASTERY

INTERPERSONAL SKILLS

COLLEGE & CAREER READINESS

WHO WE ARE

Go Beyond Greatness (GBG) empowers historically marginalized students to reach their greatness through free programming. Delivered by expert staff, **our offerings strengthen academic performance, confidence, life skills, and well-being.**

GBG is a certified Minority Women Business Enterprise (MWBE) and a fiscally sponsored project through the YMCA. **This means we can partner with agencies of all sizes, and provide tax deductibility to philanthropic partners.**

WHAT WE DO

Each of us holds greatness within. Our mission is to empower young people to discover and pursue their own vision of greatness.

Following humanistic philosophy, we believe that feelings and knowledge go hand-in-hand. **Our holistic approach develops the mind as well as the person.**

BUILDING TOGETHER

GBG equips youth to meet the challenges of tomorrow. Recognizing economic and social barriers, we are especially committed to helping historically marginalized students reach their full potential.

Through public and private partnerships, GBG has offered hundreds of programs at no cost to students.

In this time of school budget cuts, we are deepening our networks to serve more students than ever. **Join us today to invest in youth - and our shared future.**
